Data Center

We design and build mission-critical data center environments that are high-availability, flexible, safe, and efficient.

Our solutions are easy to manage with the option to expand as your needs grow.

We offer a wide range of reliable infrastructure solutions for both new and existing sites that can be scaled to meet micro to hyperscale data center requirements.

Solutions:

|--|--|
| <input type="radio"/> Data Center Design <input type="radio"/> | <input type="radio"/> Network Racks <input type="radio"/> |
| <input type="radio"/> Raised Floor <input type="radio"/> | <input type="radio"/> EMS System <input type="radio"/> |
| <input type="radio"/> Fire Fighting <input type="radio"/> | <input type="radio"/> Cooling System <input type="radio"/> |
| <input type="radio"/> UPS System <input type="radio"/> | |

Electrical Work

We have extensive experience in handling various electrical components

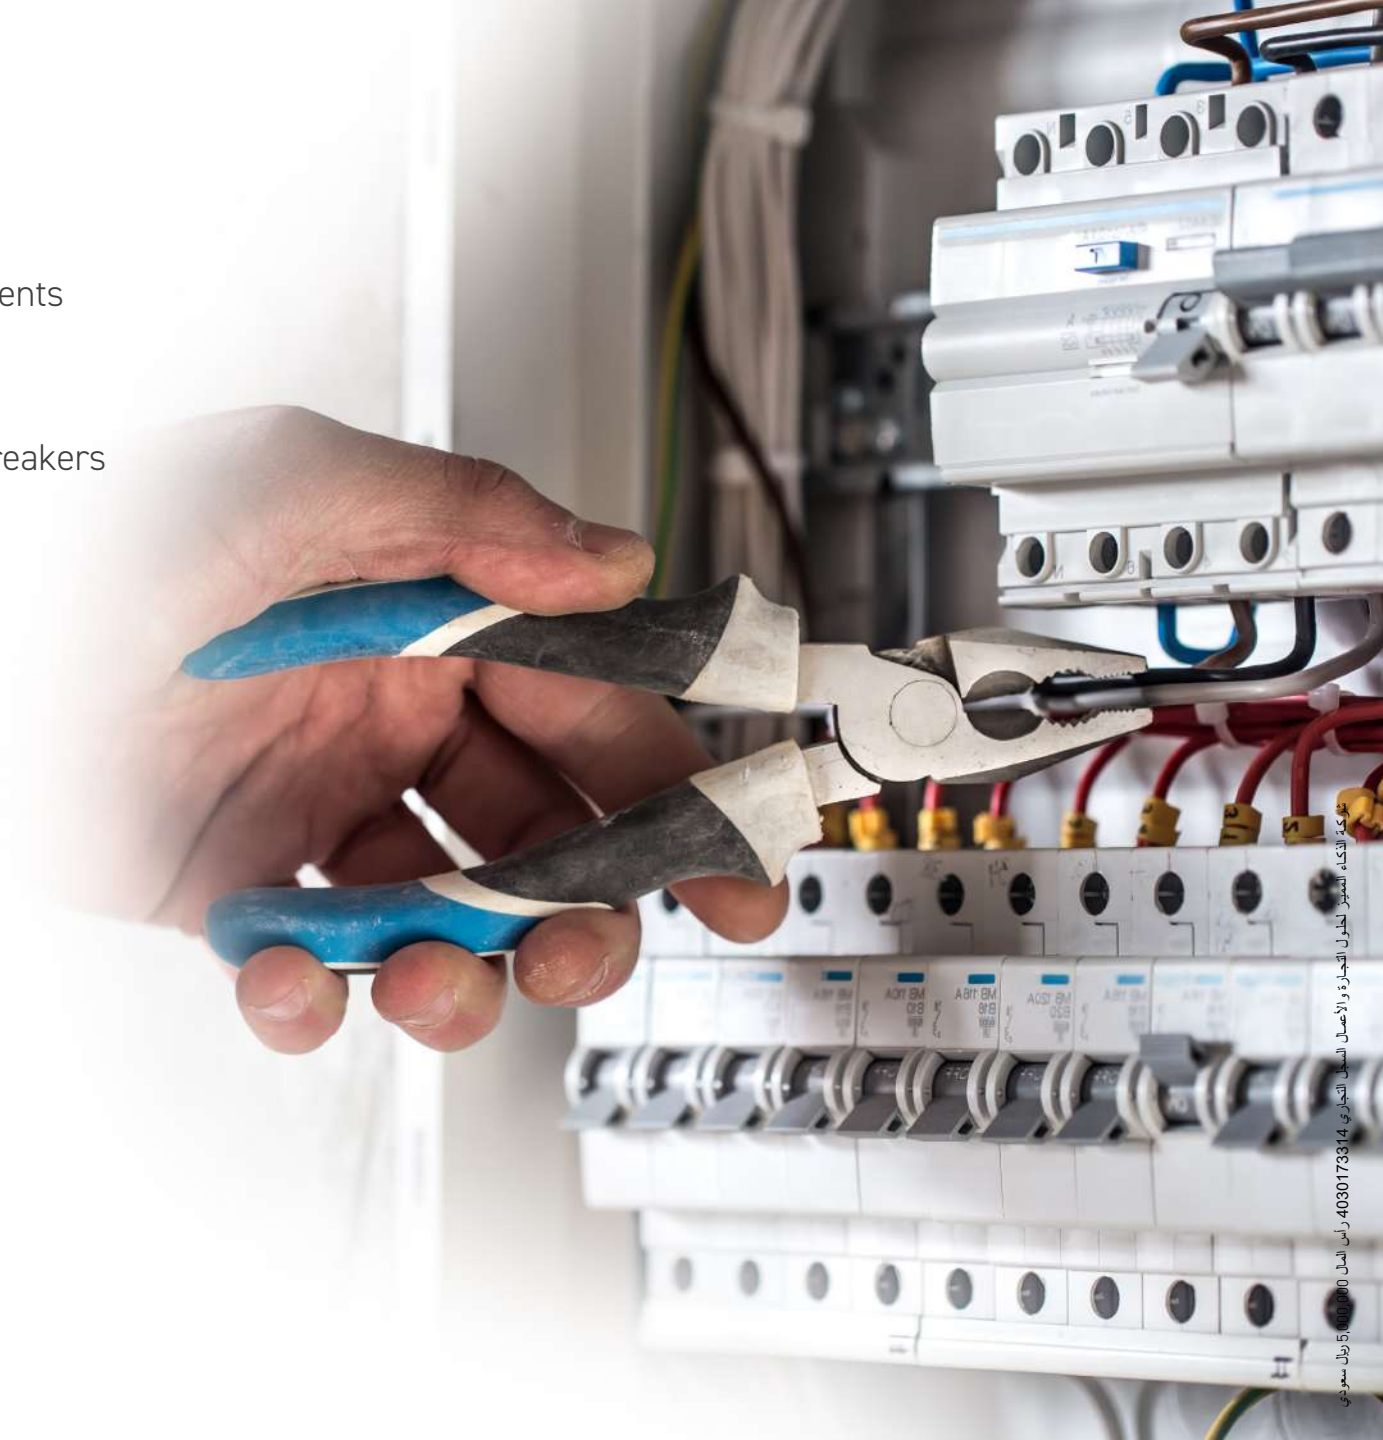

Including:

-  Wiring
-  Panels
-  Switches
-  Circuit Breakers

Whether it's for residential, commercial, or industrial purposes, our team is equipped to handle projects of any size and complexity.

Solutions:

- ☐ Panels Boards ☐
- ☐ Lighting ☐
- ☐ Rack Sockets ☐
- ☐ Cable Tray ☐
- ☐ Pipes Installation ☐

Passive Network Infrastructure

We create your company's network infrastructure by installing the necessary

Conduits and pathways for the network infrastructure, as well as physically

Pulling the cables through these pathways.

and ensure that it is reliable and operates at peak efficiency.

Solutions:

Network Layout Design

Network Backbone Solution

Pipe Installation

Pulling Cables

Fiber

Copper Cables

Termination

Cable Dressing

Fluke Testing

Active Network Components

We customize our solutions to meet your preferences, whether it's enhancing network visibility or security, or simplifying wired and wireless access, branch, or WAN networks with software-defined networking.

We engineer the most expandable, protected, and reliable networking system that is well-connected, meets industry standards, and leverages advanced technology

| <input type="radio"/> Routing & Switching <input type="radio"/> | <input type="radio"/> Network Security (Firewall) <input type="radio"/> |
| <input type="radio"/> Wireless Solutions <input type="radio"/> | <input type="radio"/> Backup Solutions. <input type="radio"/> |

Access Control & Time Attendance

Our solution integrates time tracking, access control and mechanical door locking **with:**

Biometric Fingerprint Readers

RFID Card Readers

Password Access

These functions can be combined with an efficient time attendance management system concurrently to enhance workplace security, efficiency, and productivity.

Solutions:

- Door Access Control ●
 - Time Attendance Solutions ●
 - Intercom ●
 - Gate Solution ●
 - Visitor Management ●

CCTV Surveillance

Ensure the safety and security of your facility by providing site assistance and implementing the best technologies that are tailored to meet your specific needs.

Solutions:

- Site Survey ●
- Design ●
- Installation ●
- Configuration ●

VOIP System

We implement VOIP technology that allows your business to cut telecommunications costs while improving functionality.

Enjoy advanced business phone features, improved scalability flexibility and monthly cost savings with the VOIP system.

Solutions:

- | | |
|--|--|
| <input type="radio"/> Internal Calls <input type="radio"/> | <input type="radio"/> External Calls <input type="radio"/> |
| <input type="radio"/> Call Center <input type="radio"/> | <input type="radio"/> Intercom Solutions <input type="radio"/> |
| <input type="radio"/> Integration with CRM <input type="radio"/> | <input type="radio"/> Multi Site Connect <input type="radio"/> |

Meeting Room Solution System

Enhance your meeting's communication, collaboration, and productivity with our advanced technologies.

Schedule reservations for:

Meeting rooms

Cameras with AI Features

Wireless Presentation

Auto people Counting Speaker Tracking

Auto Framing

Solutions:

- ☐ Video Conference
- ☐ LED Screens
- ☐ Video Wall
- ☐ Room Booking
